

Sidewalk Gap Elimination Project

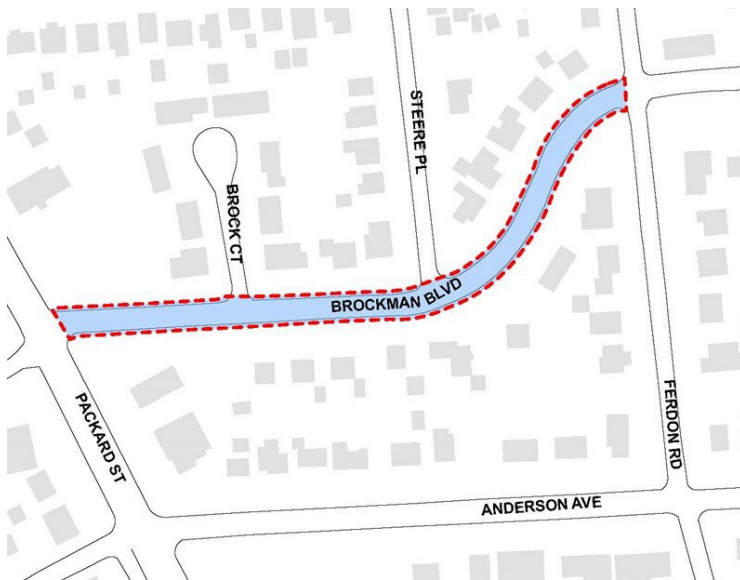

Brockman from Packard to Ferdon

WORK BEING DONE

The scope of work includes grading, sidewalk and curb installation, some driveway removals and restoration (only if impacted), new crosswalks and restoration.

PROJECT MAP

WHAT TO EXPECT DURING CONSTRUCTION:

- **Construction is expected to start from June 8th, 2026 to August 3, 2026.**
- General work hours will be between 7 a.m. and 8 p.m., Monday through Friday. Some Saturday and Sunday work may be permitted as needed but must be pre-approved.
- The work on this project will be performed by Doan Construction Co. of Ann Arbor, Michigan; and the City will have a daily inspector onsite when there is active construction.
- The construction work unavoidably generates dust and noise, as well as inconveniences. We would like to thank you in advance for your patience and cooperation during the project.
- Some access restrictions during specified temporary periods such as concrete pours will be communicated in person by the inspector or contractor.

- If you are planning any private work that may require road cuts, driveway access, or utility coordination, please let us know so we can help ensure the work aligns with the project schedule.
- Use onsite contacts for accessibility issues.

TRAFFIC, PARKING AND ACCESS:

- Brockman (from Packard to Ferdon) will temporarily be reduced to one way eastbound traffic during construction for safety and space constraints.
- **Access to driveways will be maintained except** for periods when the sidewalk construction work is in the immediate vicinity of the driveway.
- Trash, recycle and compost collection, emergency vehicle access and mail delivery will be maintained through the project.

WHY YOU'RE RECEIVING THIS NOTICE:

You are receiving this information because your property or neighborhood may be affected by the upcoming construction activities. Our goal is to give you enough time to plan ahead and understand what to expect.

WHERE TO FIND PROJECT UPDATES:

The project website link:
